Wellness Consultation Consent Form

I hereby understand, agree, and attest to the following:

1. I fully understand that the Wellness Consultant I am seeing in this office is not a physician, and I am not consulting for medical, diagnostic, or treatment procedures. The appointments do not involve the diagnosing, prognosticating, treating or prescribing of medicines or the treatment of disease, or any act which will constitute the practice of medicine in this state, for which a license is required.
2. Since the Wellness Consultant is not a medical doctor or primary care physician, it is recommended that I continue services with my primary care physician.
3. The services offered by the Wellness Consultant are at all times restricted to helping me gain a better understanding of 'health' (not disease), so that I will have greater self-awareness and be able to use a self-care plan for daily living.
4. The wellness plan offered (which may include discussion and or sale of nutritional supplements, nutrition and lifestyle modifications, homeopathic remedies, vitamins, minerals, food grade herbs, and other dietary supplements) pertains to the whole body concept of nutrition rather than addressing a specific ailment or condition.
5. The Wellness Consultant does not provide emergency or after-hours care. In the event of an emergency, I will dial 911 or proceed to the nearest emergency room.
6. Laboratory testing may be conducted for screening purposes only and does not constitute a diagnosis of any medical condition. It is my responsibility to follow up with a medical doctor if any of the lab results are abnormal.
7. Women who are pregnant or planning pregnancy must inform their Wellness Consultant, as this will likely alter the recommendations that are made.
8. Since they are not prescribing physicians, the Wellness Consultants will not be able to advise me to discontinue or change doses of my medications. I am advised to consult with my prescribing physician concerning any modifications of my pharmaceutical medications.
9. Potential benefits of following a wellness plan include health optimization, symptomatic relief, and disease prevention. Potential risks include rare allergic reactions, paradoxical reactions to supplements (example: valerian is a relaxing herb for most people, but it is stimulating in some people), and drug-supplement interactions. Although there is a growing body of information regarding such interactions, I understand that not all drug-supplement interactions are known at this time.
10. There are wide individual differences in response to a wellness plan, and no guarantees are made that I will gain any benefit nor suffer any adverse consequences.
11. While I may experience immediate benefits from the wellness plan, I understand that the most effective results will occur when I make a long-term commitment to rebuild my health, which will likely involve some lifestyle modifications.

ARBITRATION AGREEMENT for Dr. Becky Andrews

Article 1: Agreement to Arbitrate: It is understood that any dispute as to medical malpractice, that is as to whether any medical services rendered under this contract were unnecessary or unauthorized or were improperly, negligently or incompetently rendered, will be determined by submission to arbitration as provided by state and federal law, and not by a lawsuit or resort to court process except as state and federal law provides for judicial review of arbitration proceedings. Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration.

Article 2: All Claims Must be Arbitrated: It is also understood that any dispute that does not relate to medical malpractice, including disputes as to whether or not a dispute is subject to arbitration, will also be determined by submission to binding arbitration. It is the intention of the parties that this agreement bind all parties as to all claims, including claims arising out of or relating to treatment or services provided by the health care provider including any heirs or past, present or future spouse(s) of the patient in relation to all claims, including loss of consortium. This agreement is also intended to bind any children of the patient whether born or unborn at the time of the occurrence giving rise to any claim. This agreement is intended to bind the patient and the health care provider and/or other licensed health care providers or preceptorship interns who now or in the future treat the patient while employed by, working or associated with or serving as a back-up for the health care provider, including those working at the health care provider's clinic or office or any other clinic or office whether signatories to this form or not.

All claims for monetary damages exceeding the jurisdictional limit of the small claims court against the health care provider, and/or the health care provider's associates, association, corporation, partnership, employees, agents and estate, must be arbitrated including, without limitation, claims for loss of consortium, wrongful death, emotional distress, injunctive relief, or punitive damages.

Article 3: Procedures and Applicable Law: A demand for arbitration must be communicated in writing to all parties. Each party shall select an arbitrator (party arbitrator) within thirty days and a third arbitrator (neutral arbitrator) shall be selected by the arbitrators appointed by the parties within thirty days thereafter. The neutral arbitrator shall then be the sole arbitrator and shall decide the arbitration. Each party to the arbitration shall pay such party's pro rata share of the expenses and fees of the neutral arbitrator, together with other expenses of the arbitration incurred or approved by the neutral arbitrator, not including counsel fees, witness fees, or other expenses incurred by a party for such party's own benefit.

Either party shall have the absolute right to bifurcate the issues of liability and damage upon written request to the neutral arbitrator. The parties consent to the intervention and joinder in this arbitration of any person or entity that would otherwise be a proper additional party in a court action, and upon such intervention and joinder any existing court action against such additional person or entity shall be stayed pending arbitration.

The parties agree that provisions of state and federal law, where applicable, establishing the right to introduce evidence of any amount payable as a benefit to the patient to the maximum extent permitted by law, limiting the right to recover non-economic losses, and the right to have a judgment for future damages conformed to periodic payments, shall apply to disputes within this Arbitration Agreement. The parties further agree that the Commercial Arbitration Rules of the American Arbitration Association shall govern any arbitration conducted pursuant to this Arbitration Agreement.

Article 4: General Provision: All claims based upon the same incident, transaction or related circumstances shall be arbitrated in one proceeding. A claim shall be waived and forever barred if (1) on the date notice thereof is received, the claim, if asserted in a civil action, would be barred by the applicable legal statute of limitations, or (2) the claimant fails to pursue the arbitration claim in accordance with the procedures prescribed herein with reasonable diligence.

Article 5: Revocation: This agreement may be revoked by written notice delivered to the health care provider within 30 days of signature and if not revoked will govern all professional services received by the patient and all other disputes between the parties.

Article 6: Retroactive Effect: If patient intends this agreement to cover services rendered before the date it is signed (for example, emergency treatment) patient should initial here _____. Effective as the date of first professional services.

If any provision of this Arbitration Agreement is held invalid or unenforceable, the remaining provisions shall remain in full force and shall not be affected by the invalidity of any other provision. I understand that I have the right to receive a copy of this Arbitration Agreement. By my signature below, I acknowledge that I have received a copy.

NOTICE: BY SIGNING THIS CONTRACT YOU ARE AGREEING TO HAVE ANY ISSUE OF MEDICAL MALPRACTICE DECIDED BY NEUTRAL ARBITRATION AND YOU ARE GIVING UP YOUR RIGHT TO A JURY OR COURT TRIAL. SEE ARTICLE 1 OF THIS CONTRACT.
